2 – Aircraft Strategies

The “Military Aircraft” and “Aircraft Strategies” cards together make up a print run of 27 cards.

If the “Civil Aircraft” cards were 12 instead of 13, that would make up an even print run of 108. It is suspected that the Ryan SC-W was an update to the Ryan ST-A, only one or the other was included in any given print run. They are noted as Single Prints (SP) below.

See Series ‘A’ for Miscellaneous Navy cards from the ‘Mixed’ Series.
